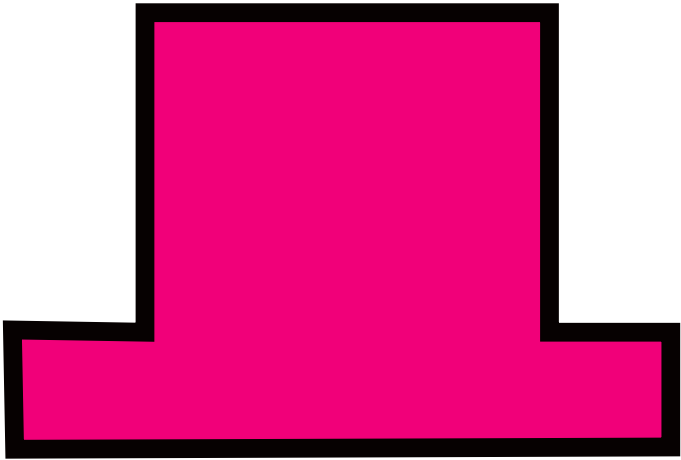
Waveguide Design

88

Wombat 2022, Erlangen, June 14th 2022. Gustavo Wiederhecker.

phononic crystal



✓ Homogenous mechanical confinement

- Suitable to deal with traveling phonons

Zurita, R. O., et al. **Opt. Express** 29, 1736 (2021).

DOI: 10.5281/zenodo.4148337
